ROLE INTRODUCTION

Raukawa Kaiarahi Team:

Tiwai Hauora is currently developing a number of innovative service initiatives within Oranga Tamariki, which will provide the foundation for delivering holistic, aspirational, cultural services to our people and community.

The Practice Leader (Service Development) will support the Group Manager in this season of growth and development, by providing practice leadership and oversight to our Raukawa Kaiārahi Team, including support, training, mentoring and clinical supervision to team members. New service development initiatives will also eventually include the following sectors:

- Ministry of Justice
- Department of Corrections

Raukawa Kaupapa Practice Framework:

Tiwai Hauora is developing a unique holistic, aspirational and cultural approach: “Raukawa Kaupapa Practice Framework which will be central to our service delivery within the social services and health sector.

The Practice Leader (Service Development) will play a critical role in the development and training of this Practice Framework, working closely with our Social Services Manager and Clinical Leaders.

Features include:

Te Whare Tapa Wha:

Te Whare Tapa Wha is the practice model that sits at the heart of our Raukawa Kaupapa Practice Framework. With its strong foundations and four equal sides, the symbol of the wharenui illustrates the four dimensions of Māori Health and wellbeing.

Te Aho Tapu:

Te Aho Tapu, or the sacred thread, is the name given to the first line in weaving, as this is the line that sets the pattern that the rest of the weaving must take.

The name not only represents our view that Raukawa values set the direction for all that we do- but also that these values pass through us and link us altogether. Te Aho Tapu intends to provide support and connections for tamariki, rangatahi and their whānau throughout their life, it also provides the ability to take a holistic approach that extends beyond service engagement and intervention.

Whānau Ora:

Whānau ora acknowledges the centrality of whānau to Māori social life and works collectively to build the capability of whānau to maintain their own wellbeing.

Advancing whānau ora through supporting the aspirational goals of our tamariki, rangatahi and whānau is one of the key features of our Raukawa Kaupapa Practice Framework.

As an iwi organisation that has a rich history of successfully delivering Kaupapa Māori Health and Social Services, a whānau centred approach is well grafted into our service delivery.

Best Practice Tools:

The Raukawa Kaupapa Practice Framework will also be informed by the best western practice tools and approaches, all of which will help provide the appropriate practice holistic initiatives to support our tamariki, rangatahi and their whānau on their journey of health and wellbeing.
