

2021 Respiratory Webcast Series

REGISTER HERE

The past year has seen the implementation of new recommendations for asthma and COPD treatment from the Asthma and Respiratory Foundation NZ and the GINA 2021 Report. At the same time, COVID-19 imposed new requirements upon doctor-patient consultations and protocols.

We are pleased to host a series of webcasts throughout the year, focusing on what these things mean for practitioners and patients, and discussing the latest treatment options.

Find out more about this next event in the series and register by clicking on the link below.

One year on – what’s new and what have we achieved? The New Zealand asthma landscape and the impact of the ARFNZ asthma guidelines
